General Requirements

Foods sold at the farmers' market may not be processed at the market. Products must arrive at the market packaged and ready to sell.

Packaging must contain the name and telephone number of the producer, unless the items are raw, unprocessed agricultural products such as fresh fruits and vegetables.

Producers must inform the buyer that the product is not licensed, permitted, certified, packaged, labeled or inspected per any official regulations.

Perishable items such as pumpkin pies and other products containing milk, cream and other perishable dairy products must be sold under refrigeration at less than 41°F.

Foods sold at the farmers' market may include but are not limited to:

- Baked goods, such as breads, pastries, cookies, and pies
- Cereals, trail mixes, granola, snack mixes
- Dried products, including freeze-dried products **see note on meat products*
- Jams, jellies and fruit butters
- Canned fruits and vegetables, including pickles
- Dried herbs and seasonings
- Honey
- Whole shell eggs that are clean, free of cracks, and stored in clean cartons at <45°F.

Items that are prohibited from sale at Farmer's Markets

- o *Meat, poultry, fish and products containing meat, poultry and fish, including jerky
- o Alcohol infused products, such as rum-filled candies
- o Food products containing marijuana, THC, or CBD
